How to Paint Fluid Art: 12 Steps (with Pictures) - wikiHow

Fluid acrylics are ideal for pouring or dribbling paint, rather than applying it with a brush. Various paint manufacturers sell fluid acrylics, but if it's only something you're going to want occasionally, you can make your own version from your usual, more buttery acrylics (it works best if the tube of paint you're using is artist's quality and soft-body).
