The first major synthesis of Texas sheep and goat business in nearly forty years." The author chronicles the development of the sheep and goat industry in Texas from Spanish times to about 1930. His epilogue updates the industry since 1930.

TEXAS WOOLLYBACKS: THE RANGE SHEEP AND GOAT INDUSTRY. by ...

Laws that forbade sheepmen to herd sheep on the open range were ineffective because no representatives of the General Land Office were located in West Texas to delimit the open range. A law of April 1883 called for a certificate of inspection to show that sheep were free of scab before they could be moved across a county line.

Even greater growth occurred in the 1930s, when Texas produced more than 20 percent of the nation's sheep; although the number of sheep in the state declined after World War II, the state maintained that percentage throughout the latter half of the twentieth century. In 2000 Texas had 1,200,000 sheep valued at \$94,800,000.

By 2000 output declined in Texas. Wool producers harvested 7,506,000 pounds of wool valued at \$3,678,000 from 1,130,000 sheep, and mohair growers produced 2,346,000 pounds valued at \$10,088,000 from 345,000 goats. Despite the downward trend in production, the Texas wool and mohair industry continued to lead the national output.

Barbary Sheep hunting in the rugged canyons and mountains of West Texas is America's most underrated sheep hunt. Well... technically they are a goat, but you get the point! Also known as aoudad, these animals never quite get the respect they deserve because they are often harvested in high-fence operations in other parts of Texas.

Free-Range Aoudad | True Hunts

The Callaghan Ranch, lying athwart the Old San Antonio Road between Laredo and San Antonio, covered an area of 250,000 acres, with headquarters near Encinal, Texas. The ranch was started after the Civil War as an eighty-acre homestead south of old Fort Ewell on which Charles Callaghan, a young veteran of the Confederate Army, undertook to raise sheep.
