Trading Price Action Trading Ranges | Wiley Online Books

Tight trading ranges We shall begin with the so called tight trading ranges. These represent any sideways price movement, comprised of at least two and more bars, showing much overlap between each other. Buying and selling activity are balanced, while market players await the eventual breakout from the range and price development after it.

Amazon.com: Trading Price Action Trends: Technical ...

In a range, the price action is often frustrating. Trend following traders have no patience and, instead of applying range trading strategies, they keep adding to a direction on any market pullback. Naturally, this leads to overtrading, and the trading account becomes vulnerable to small changes in prices.
