About the Kenwood TS-590SG - K4QKY

Kenwood TS-590SG HF/6 Meter Base Transceivers mark a bold new chapter in Kenwood's proud history of manufacturing high-performance transceivers. Their new "SG" model has added many upgrades to their TS-590S. Featuring narrow-band Roofing Filters the TS-590SG significantly reduces interference from unwanted signals that would hide DX in lesser rigs.

Kenwood TS-590SG HF/6 Meter Base Transceivers TS-590SG ...

Kenwood was the first in the amateur radio market to deploy DSP based AGC at the IF stage with the TS-870S. This DSP technology was taken to the next level with the TS-590S/SG. The TS-590SG goes one step further adopting technology from the flagship TS-990S. With this transceiver, a 32-bit DSP is deployed from the IF stage forward, the TS-590SG marks a bold chapter in Kenwood's proud history of making compact, high-performance transceivers.

Kenwood TS-590SG, Kenwood TS590SG - Universal Radio
TS-590SG Product background and outline . The original TS-590S was put on the HF amateur radio market in October 2010, and enjoyed a good reputation by its excellent receiver, high performance and reasonable pricing.

It would be no exaggeration to say that KENWOOD's reception audio, which enjoys a reputation for being non-tiring even in long contests, is determined by IF AGC control based on unique DSP algorithms. This series features all of the IF DSP AGC technology developed with the TS-990S.

Reciever | TS-590SG | Amateur Radio - KENWOOD

I've owned my Kenwood TS-590SG for almost four years now but after a few months of ownership, I found my receiver was fading. It was very weird and I really thought it was my antenna that was causing the problem. I ran some tests on the antenna which seemed to be fine and I could never figure out if there was a setting in the radio or not that ...

Kenwood is known for making robust devices with great build quality but the TS-590SG seems to be one of their better products even by that standard. You would be surprised to know that the Texas Instruments processor Kenwood has installed in the TS-590SG is exactly what's used in the Icom-7600, which is priced about \$3,000. Impressive Functionality
